MMJ.THC.CBD.OMG: *The Employer's Challenge*

Description:

Businesses are struggling to figure out how to respond to marijuana ... and hemp ... and Delta-8 THC ... and CBD. And it's no wonder, with all the changes happening (quickly) with both the drug and how it's regulated. It's difficult for employers to keep up with what they can or should do, and the issue is compounded with our country's labor shortage. This presentation will explore answers to three importance questions about Marijuana, THC, CBD and other related issues:

1. What's impacting employers' responses to marijuana right now?
2. What's on the horizon? Especially with pending legislation?
3. What are some best-practice measures employers can take?

Length:

60 min.

Learning Objectives:

To increase awareness of:

- Updates around Ohio H.B. 523 and the use of marijuana and related products
- Operational issues facing employers and employees around these issues
- The key decisions that need to be made - particularly relating to policy, operations and employee/supervisor awareness
- Resources and opportunities available to assist local employers in addressing this issue
