Our Annual Awards Program will begin with lunch followed by the awards presentation which will be followed by our speaker Brad Hurtig.

Brad Hurtig was a student-athlete in a small town in Northwest Ohio. Only days after finishing his sophomore year of high school, a devastating workplace accident resulted in the amputation of both of Brad’s hands.

Through hard work and determination Brad soon rejoined his high school football team. In his senior year, Brad led his team defense, recording 111 tackles and receiving all-state honors all while playing with no hands. Brad’s inspirational story of triumph quickly captured national headlines.

Now Brad is taking his powerful message of workplace safety to businesses and organizations across the country.

*As a reminder, one of the qualifications for your company to receive a 2-percent discount on your workers' compensation premiums is to send a qualified senior-level manager to a safety council sponsored meeting. This would not only be a great opportunity to meet that qualification, but to also bring your Safety Team Members to reward them for their safety accomplishments this past year. Let's show recognition to the following members who will be receiving awards by being present at the program.*
