Safety.....Communicate.....Safety.....Communicate.....Safety.....Communicate.....Safety

Join us this month as Scott takes us on a fun and entertaining look at why men and women communicate the way they do ... and why our differences can be traced back to how we are all “wired.” Scott will show you how we can all communicate better with each other in his own unique, practical, entertaining and humorous style. Scott will show you how to use this information **IMMEDIATELY!**

- Why do men and women **THINK SO DIFFERENT** from each other?
- How is a woman’s **BRAIN WIRED** compared to a man’s?
- Why do women tend to be more **DETAIL ORIENTED** than men?
- Who tends to **TALK MORE** ... men or women?
- How can you distinguish between “**STEREOTYPES**” and the “**REAL DIFFERENCES**” that exist between us?
- What role does **TESTOSTERONE** and **ESTROGEN** play in how we communicate with each other?
- Is there really such a thing as “**WOMEN’S INTUITION**”?
- What steps do we all need to take in order to **BETTER COMMUNICATE** with each other?

...and MUCH, MUCH more...
