PROGRAM: "Making it Safe to get them to talk about Safety"
Dave Tippett, Director On-Site Learning and Consultation
The Employers' Association

Join us this month as Dave Tippett, Director On-Site Learning and Consultation with The Employers' Association discusses how safety rules by themselves do not keep people safe. Employees have to have the tools to feel safe enough to report unsafe situations and practices without fear of being judged or even ignored.

At the end of this session, participants will be able to:

- Teach employees how to speak up when they see a problem.
- Teach employees how to hold each other accountable for safety.
- Understand how to build a year-round culture of accountability.

Reservations **are not required**. Please email galionsafetycouncil@gmail.com or call Miranda Jones at **419-468-7737** for the meeting password. The webinar will be recorded and posted to the Galion Safety Council webpage following the meeting. You may request the webinar link be personally sent to you by e-mail (galionsafetycouncil@gmail.com) or by calling Miranda Jones at **419-468-7737**
